

INTRODUCING ... Sawyer the Habitat Teddy Bear!

When was the last time you cuddled a teddy bear?

This adorable little Habitat teddy bear named Sawyer is a symbol of deep appreciation for the splendid way you are sharing your blessings with children and families who so urgently need a safe, modest, affordable home they can call their own.

You may want to share your teddy bear with a child, a grandchild, a neighbor or friend. Or you may want to keep Sawyer. And remember back when you were a child and a favorite toy or blanket gave you comfort and security.
